NEW COURSES

Except Business Administration and Microbiology, all other departments have Post Graduate and Research programs. We look forward to the affiliation order from the Thiruvalluvar University for Ph.D program in Commerce in this academic year itself. Our ambition is to convert this institution into a full-fledged Research Institution. That was the vision of our beloved founder Iyah who wished and lived for converting Gudiyattam into an educational hub where students can become qualified to the highest level at an affordable cost.

I thank the Management for helping the poor students of this area to convert their aspirations into achievements.

We are sure that this legacy will continue.
