NEWS LETTER | VOLUME 2 | ISSUE-3

ACADEMIC YEAR 2020 -2021

MESSAGE

Dr.M.Valarmathi
Principal

I welcome all the stakeholders to strengthen our hands and support us in our mission of K.M.G.College of Arts and Science College. Our staff members are committed to fulfill the dreams and aspirations of young students who are joining the Institute to become Graduates. We believe these students are makers of history. The ideal graduates are neither a scientist nor a mathematician, but he/she may use the knowledge and techniques for the benefits of society. I believe that the purpose of education is to turn the mirrors into windows, and as such is focused not only on pure studies but also on providing opportunity to each student to explore his or her own capabilities and their area of interest like curricular, co-curricular and extra-curricular activities. I express my heartfelt Congratulation to IQAC team and Faculty members for bringing out this newsletter successfully. I pray that the blessings of God will always shower on us for the success of our new goals in the forthcoming years.

EDITOR

Mr.J.Srinivasan
Assistant Professor

I feel happy to be the part of an inspiring journey called Editor of K.M.G College newsletter. At this moment I convey my heart full gracias to our Management, Principal and God almighty. Here I would like to share a message regarding our work in this pandemic situation, many educational institutions have tried hard to be reasonable and decisive, as we've all moved through this historic pandemic situation. Not everything has been ok! Lots of people are feeling frustrated, scared and sad about all of the changes in current scenario. At the same time, the field of Education never stops their work at any cost and also the teaching learning process is going on via ICT technology. So we must feel proud to be a teacher and with my two hands, I welcome you all readers.
