

**POLICY DOCUMENT ON GREEN CAMPUS  
ADOPTED, IMPLEMENTED AND MAINTAINED  
BY  
K.M.G. COLLEGE OF ARTS AND SCIENCE**

Our college Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in our institutions. The green campus concept offers our institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of the mankind. Our Institutions Green Campus status is achieved by making significant progress in cross campus community collaboration under one or a number of the following themes:

- Water Conservation
- Waste management
- Energy conservation
- Disabled – Friendly

**Water Conservation**

- We maintain maximize water use efficiency and minimize wastage of water.
- All existing buildings have made provision for rainwater harvesting.
- Our campus promotes investment in green infrastructure in all future development plans.
- We ensure awareness about the water conservation policy of the college among all the staff and students.
- We also create awareness about the cost effectiveness of water conservation projects.
- Waste RO water is recycled to wash the vessels as well as in toilets
- We have storage facilities in college like tanks, sumps etc.

### **Waste management**

- We use three types of bins separately for Plastic waste, dry waste and food wastes in the college campus
- We have installed bio gas plant and food wastes are used in bio gas plant and produce the gas that will be used by college canteen.
- For dry waste we have pit in our campus to collect all the waste.
- We extract Maximum and complete Utility from Objects and reduce the effective amount of waste.

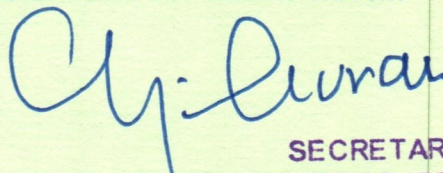

### **Energy conservation**

Solar photovoltaic panels for electricity production

- We have installed maximum level usage of LED lights instead of CFL
- We also use to keep lights off in conference rooms, classrooms, lecture halls when they are not in use.
- We use the fans only when they are needed.
- The monitors turned off when the person leaves Table.
- We activate power management features on your laser printer.

### **Disabled – Friendly**

- We are providing scribe facilities for our disabled students
- We are giving Priority in Admission
- We have Ramp facilities in our campus for the all building
- We have wheel chair for our disable student
- Easy access to laboratories at ground floor
- To ensure implementation of all legislations with respect to persons with disabilities
- We have separate toilet facilities for our disable student
